The conflation of pedophilia & homosexuality is a tendency w/ such evil and unjust effects, w/ people using it to make their homophobia seem respectable. I imagine a lot of Americans will read this article, take Iran at its word, and think the punishment was somehow justified.

ethnicity

Will never forget NYC during #September11th. In a time when it often feels like we all hate each other, I'll try to remember how New Yorkers treated each other in the months following. We have much more in common than apart and shouldn't need a terror attack to remind us of that.

Funny 2: Trump consistently calls for transparency. And a reporter mocks the government releasing more information.

Kaitlan Collins @kaitlancollins

A source tells @JDAmound1 that Trump will "accept the recommendations of the FBI" regarding the release of the Democratic memo. Funny how that's the thinking now because the director of the FBI asked the White House to not release the Republican one, and Trump did so anyways.

W/out dossier, there would've been no FISA warrant. Was admitted under oath by McCabe. DOJ/FBI already knew dossier's source was unreliable & shouldn't be used, but filed app lic w/t anyways. Waited until after to fire Steele. Then applied for extensions on warrant anyways.

Thank you, Lee. We appreciate your leadership right now.

Lee Zeldin @RepLeeZeldin

Cosponsored new bill w @RepMcSally to ensure when there is a #GovtShutdown military & fed law enforcement get paid & Congress doesn't; an important reversal of current law. In the meantime, I informed the House to withhold my pay until the shutdown ends congress.gov/bills/115/congressional-legislation.

Conan Nolan of @NBCLA fails to identify @BobShrum as a Democrat and then allows Shrum to attack Republicans non-stop. Shrum is completely biased & pretending he isn't is troubling.

I identified myself as a Democrat and then discussed the findings of the USC Dornsife LA Times Poll. You may not like the results, but they're not partisan spin. This was the poll that in 2016 showed Trump could win

The USC poll during the 2016 General election was cited as an outlier by the left because it polled Trump higher than other polls. What polls can't capture is never underestimate Trump

.@SecPompeo announced that the U.S. reached an understanding with the Taliban on a significant, nationwide reduction in violence across Afghanistan that will help to move our #AfghanPeaceProcess forward. This will advance progress toward a political settlement in #Afghanistan.

U.S. DEPARTMENT OF STATE
Office of the Spokesperson

For Immediate Release

February 21, 2020

STATEMENT BY SECRETARY MICHAEL R. POMPEO

Next Steps Toward a U.S. Agreement with the Taliban

The United States and the Taliban have been engaged in extensive talks to facilitate a political settlement to end the war in Afghanistan, reduce United States and Allied Forces presence, and ensure that no terrorist group ever uses Afghan soil to threaten the United States or our allies.

In recent weeks, in consultation with the Government of National Unity, U.S. negotiators in Doha have come to an understanding with the Taliban on a significant and nationwide reduction in violence across Afghanistan. Upon a successful implementation of this understanding, signing of the U.S.-Taliban agreement is expected to move forward. We are preparing for the signing to take place on February 29. Intra-Afghan negotiations will start soon thereafter and will build on this fundamental step to deliver a comprehensive and permanent ceasefire and the future political roadmap for Afghanistan. The only way to achieve a sustainable peace in Afghanistan is for Afghans to come together and agree on the way forward.

Challenges remain, but the progress made in Doha provides hope and represents a real opportunity. The United States calls on all Afghans to seize this moment.

The United States thanks the State of Qatar and all other allies and partners for their support of peace in Afghanistan.

Abstract. — We study the asymptotic behavior of the eigenvalues of the Laplacian on a family of Riemann surfaces with boundary. The eigenvalues are ordered by increasing real part. We show that the eigenvalues converge to those of the Laplacian on the limit surface as the parameter goes to infinity.

What about Serbia's campaign against recognition of Kosovo?

11

@Dusan07 Dusan Stojkovic

There is no campaign. There is only a common sense. Kosovo is by UN resolution, by its history and soul with 1000 churches 100% Serbian and Kosovo is only autonomy made of migrants who run away from Fadi Hodza system. You expel 200 000 people. When will you bring them back?

There is no campaign. There is only a common sense. Kosovo is by UN resolution, by its history and south with 1000 churches 100% Serbian and Kosovo is only autonomy made of migrants who run away from Fadi Hodza system.

You expect 200.000 people. When will you bring them back?

We do not support Prime Minister Kurti's half measure. Our position is quite clear: the tariffs must be completely dropped. Mr Kurti is making a serious mistake - and that was made clear to President Thaci at the White House today.

There is no campaign. There is only a common sense. Kosovo is by UN resolution, by its history and soul with 1000 churches 100% Serbian land. Kosovo is only autonomy made of migrants who run away from Fadl Hodza system. You expel 200.000 people. When will you bring them back?

NEW: Sen. Burr weighs in on Ratcliffe's nomination to ODNI: "I look forward to receiving Congressman Ratcliffe's official nomination and ushering it through the Senate's regular order."

"The work our Intelligence Community does is vital for ensuring America's safety, security and success. I've appreciated the dedication and skill the men and women of the Office of the Director of National Intelligence have shown over the last several months during a period of transition. As I've said before, however, there is no substitute for having a permanent, Senate-confirmed Director of National Intelligence in place to lead our IC. I look forward to receiving Congressman Ratcliffe's official nomination and ushering it through the Senate's regular order."

There is a considerable literature on the effects of the environment on the development of the child. The literature is divided into two main areas: the effects of the environment on the child's physical development and the effects of the environment on the child's mental development. The literature on the effects of the environment on the child's physical development is more extensive than the literature on the effects of the environment on the child's mental development. I repeat: why have we -the #EU - looked away as the Syrian tragedy developed over the last 9 years? Why not one effort to present an #EU peace plan, why only helpless verbal appeals? What about defending the interests of 500 mio Europeans? And: Non-action also produces guilt!

Gut! Aber warum haben wir die #EU 9 Jahre lang weggeguckt, als die syrische Tragödie sich entwickelte? Warum 9 Jahre lang bis heute nur verbale Appelle, aber kein #EU Friedensplan? Mehr "Verantwortung"? Merke: Auch Nichthandeln macht schuldig. twitter.com/helkomaas/stat.

Very good thread. [@IsaMustafaKS](#) is a courageous leader. Dropping the tariffs tomorrow would be a great beginning to much more progress - and it would move quickly. But economic development can't move forward til the tariffs are dropped.

Isa Mustafa ✓ [@saMustafaKS](#)

Since the beginning, I have openly stated, perhaps among the only ones in #Kosovo that the tariffs, initially 10% and then 100%, set by the Haradinaj Government, had no economic justification but was a measure to protect against failures, especially in foreign policy

How do we combat anti-semitism when governments are complicit by actively promoting it, or by the silence when it is growing uncontrollably? 🇺🇸

Washington is focused on economic development & jobs - we believe this has been ignored in the dialogue. But we can't help when the Kosovo Govt's tariffs continue to hurt Kosovo. They must be dropped first. Also, political issues will be solved by the two sides - not Washington.

Ambassador, people in Kosovo are eager to know what's brewing behind the scenes in DC and Brussels. Our politicians have not been very transparent. We don't know what the future holds. Additional details would help.

Kosovo government will gradually lift tariffs as a measure of goodwill.

Serbia, on the other hand, continues to impose countless non-tariff barriers to Kosovo goods and its global anti-Kosovo campaign. We have yet to see you put pressure on the most pro-Russian country on earth.

For over two decades, US forces have helped keep the peace between Kosovo & Serbia. Now, with historic progress in sight, Kosovo must do its part & abolish all duties imposed on Serbia.

If Kosovo is not fully committed to peace, then the US should reconsider its presence there.

Not remotely true. But I know in DC you are allowed to use "anonymous sources" who don't know the facts (or don't even exist) as pretend sources. The American people are tired of the manipulation.

Reading the story shows how your publication mocks people who want to include faith groups. You seek a system where they are excluded - it's this intolerance towards people of faith that is the problem.

Reading the story shows how your publication mocks people who want to include faith groups. You seek a system where they are excluded - it's this intolerance towards people of faith that is the problem.

Reading the story shows how your publication mocks people who want to include faith groups. You seek a system where they are excluded - it's this intolerance towards people of faith that is the problem.

Reading the story shows how your publication mocks people who want to include faith groups. You seek a system where they are excluded - it's this intolerance towards people of faith that is the problem.

The Media should view this as a time of unity and strength. We have a common enemy, actually, an enemy of the World, the CoronaVirus. We must beat it as quickly and safely as possible. There is nothing more important to me than the life & safety of the United States!

Listen Trump, the media does whatever they want for clicks and views and nothing is going to change that. You're the President with all the power at your fingertips. Instead of complaining about the media, just use your power to help the American people during this time

You can declare a national emergency, direct resources to uninsured patients who shouldn't have to pay for testing or treatment either, and have FEMA help all the homeless people living in the sewers under Las Vegas

Completely disagree. When China pushes propaganda, US officials must speak out clearly. Asking US officials to stay silent is odd. Social media is how we communicate with the public. I'll keep doing it.

Michael McFaul @McFaul

At this time of crisis, the one who is charge of our entire intelligence community should not have the time or inclination to be tweeting right now about anything, let alone about policy issues! We have a bright red line between policy and intelligence for a reason! #GoBackToWork twitter.com/RichardGreene1.

Communicating to the American people is always appropriate. Transparency is paramount to our democracy right now. The Washington way is for secrecy and elites controlling the message.

Michael McFaul ✓ @McFaul

Ambassador, I respectfully disagree. You just moved over to the intel side of the USG. There s/should be a separation between those that make/explain policy & those that provide intelligence to our policymakers. You have a GIANT job now. We need you focused on it full time. twitter.com/RichardGreene1...

How will Austria achieve this

1. It went into lockdown early & applied stringent, targeted measures quickly following scientific advice, including from mathematicians.
2. It's introducing masks in shops, public transport & asking employers to get employees to wear them at work

Once tariffs/reciprocity are dropped (maybe this week?), then Dialogue begins in earnest. I've spoken with leaders in Serbia and Kosovo to make clear they must start building confidence today in preparation - and they've committed to do so. More to come soon.

Hashim Thaçi @HashimThaciRKS

Next week I'll take the final constitutional steps to enable the formation of a new Government w/ full legitimacy from Parliament, capable to fight #COVID19 and serve the people. Tariffs & reciprocity need to be dropped in order to strengthen USA & EU support for Kosovo.

The other 30% (the vocal opposition) look forward to criticizing whatever agreement will be reached, as they have always done!

There has been absolutely no talk of land swaps from me - and it's never been discussed by anyone else in my presence. We have said this many times.

Jasmin Mujanović @asmnMuJ

He says that the land swap talk began already during the tenure of @FedericaMog, and was being directly handled by Vucic and Thaci offices. Grenell picked up this idea and has continued to pressure Kurti's bloc to acquiesce to what he (Kurti) thinks is a reckless quick fix.

We do not support Prime Minister Kurti's half measure. Our position is quite clear: the tariffs must be completely dropped. Mr Kurti is making a serious mistake - and that was made clear to President Thaci at the White House today.

The CCP alerted WHO to cases of "pneumonia of unknown cause" in Wuhan in late December but didn't share information about severity or transmission methods, patient zero, or any live virus samples, and refused WHO requests for full access to Wuhan until Feb 12 - way too late.

Liu Guangyuan @AmbLJGuangyuan

2 US scientists joined the WHO expert team for a 9 days field visit to China in Feb. The truth cannot be denied. I remind the JS ambassador to respect the facts and stop feeding false information to the public

Flynn's calls w/Kislyak, and subsequent transcripts, were an FBI product. So unmasking requests revealed by NSA recently at Grenel's request appear to have nothing to do w/those calls—on top of that, per WaPo, Flynn's name was not masked in FBI reports. Strong statement from @RichardGrenell on Open Skies, as is his custom:

WASHINGTON, D.C. – Acting Director of National Intelligence Richard Grenell today issued the following statement regarding the United States formally submitting its intent to withdraw from the Open Skies Treaty:

"For years, Russia has systematically violated the terms of the Open Skies Treaty to the detriment of the United States, our allies, and partners. No country should tolerate such treaty abuses and we're taking action to right this wrong. America can't be expected to keep its skies open to Russian monitoring flights, while Russia is unwilling to reciprocate on equal terms. Russia's treaty violations have undermined the central purpose of the treaty while imperiling its neighbors and jeopardizing U.S. national security."

True. The IC doesn't have all the transcripts/summaries....it wasn't our product. It's odd that [@AdamSchiff](#) doesn't know this. But I already started the declassification for the few we received. They should be released in full, though. The public deserves to see it.

.@ODN.gov Director @RichardGrenell has been DECLASSIFYING transcripts to show MORE to the American public. He's the one pushing for transparency. Eric & other HPSCI Democrats have been saying one thing publicly for years while knowing it was false.

Rep. Eric Swalwell @RepSwalwell

Slight correction on your tweet: I trust FBI & Director Wray. I don't trust @ODN.gov Directors @RichardGrenell or @RepRatcliffe. They're the ones with the shovels burying evidence to protect @realDonaldTrump.

The difference between ppl like @RichardGrenell and ppl like @RepAdamSchiff:

One wants you to read declassified docs directly to form your own independent judgment.

The other wants to keep you from reading classified docs and to just think however he tells you to think.

I appreciate that you raised the issue of transparency. If that's what this truly is about, why not declassify the transcript of Flynn's call with Kislyak and the full, unredacted text of Susan Rice's 1/20/17 email to herself?

I appreciate that you raised the issue of transparency. If that's what this truly is about, why not declassify the transcript of Flynn's call with Kislyak and the full, unredacted text of Susan Rice's 1/20/17 email to herself?

Allow the American people to judge for themselves.

Ned, I think you mean Rice should declassify ALL the transcripts between Flynn and Kislyak. There are four known calls, and reports of other more damning ones.

Once tariffs/reciprocity are dropped (maybe this week?), then Dialogue begins in earnest. I've spoken with leaders in Serbia and Kosovo to make clear they must start building confidence today in preparation - and they've committed to do so. More to come soon.

Hashim Thaçi @HashimThaciRKS

Next week I'll take the final constitutional steps to enable the formation of a new Government w/ full legitimacy from Parliament, capable to fight #COVID19 and serve the people. Tariffs & reciprocity need to be dropped in order to strengthen USA & EU support for Kosovo.

Once tariffs/reciprocity are dropped (maybe this week?), then Dialogue begins in earnest. I've spoken with leaders in Serbia and Kosovo to make clear they must start building confidence today in preparation - and they've committed to do so. More to come soon.

Hashim Thaçi @HashimThaciRKS

Next week I'll take the final constitutional steps to enable the formation of a new Government w/ full legitimacy from Parliament, capable to fight #COVID19 and serve the people. Tariffs & reciprocity need to be dropped in order to strengthen USA & EU support for Kosovo.

Once tariffs/reciprocity are dropped (maybe this week?), then Dialogue begins in earnest. I've spoken with leaders in Serbia and Kosovo to make clear they must start building confidence today in preparation - and they've committed to do so. More to come soon.

Next week I'll take the final constitutional steps to enable the formation of a new Government w/ full legitimacy from Parliament, capable to fight #COVID19 and serve the people. Tariffs & reciprocity need to be dropped in order to strengthen USA & EU support for Kosovo.

Grenell was a master stroke. When you're trying to get John freak'n Ratcliffe

Do we know if Kash Patel will also be moving into a new role or staying at

Weaponize? History lesson. Democrats were in the minority for the Russia Investigation - it was a GOP-led investigation that allowed witnesses to not answer questions. A few thoughts on the transcript. First off, it's important to remember that what's at stake is whether the calls indicated that Flynn was a Russian agent. That's what the FBI was investigating. The bureau was prepared to close that probe on Jan. 4, 2017.

Statement from AG Barr where he acknowledges the outrage on George Floyd's death as legitimate but condemns violent rioting. "It is a federal crime to cross state lines or to use interstate facilities to incite or participate in violent rioting. We will enforce these laws."

"The greatness of our Nation comes from our commitment to the rule of law. The outrage of our national community about what happened to George Floyd in Minneapolis is real and legitimate. Accountability for his death must be addressed, and is being addressed, through the regular process of our criminal justice system both at the State and at the federal level. That system is working and moving at exceptional speed. Already initial charges have been filed. That process continues to move forward. Justice will be served. Unfortunately, with the rioting that is occurring in many of our cities around the country, the voices of peaceful protest are being hijacked by violent radical elements. Groups of outside radicals and agitators are exploiting the situation to pursue their own separate and violent agenda. In many places, it appears the violence is planned, organized and driven by anarchistic and far left extremists, using Antifa like tactics, many of whom travel from out of state to promote the violence. We must have law and order on our streets and in our communities, and it is the responsibility of the local and state leadership, in the first instance, to halt this violence. The Department of Justice (including the FBI, Marshals, ATF, and DEA) and all of our 93 U.S. Attorneys across the country will support these local efforts and take all action necessary to enforce federal law. In that regard, it is a federal crime to cross state lines or to use interstate facilities to incite or participate in violent rioting. We will enforce these laws."

Rep. Eric Swalwell  @RepSwalwell

Is this a real person or a Trump AI account? This started because you said as DNC you'd release the Flynn tapes to prove the batty Trump conspiracy. You didn't (& you refused to come to Congress). Now that you're gone, it's time to "brief the American people." You had your chance twitter.com/RichardGreeneIL.

Richard, I give you credit for replying to this letter. All the documents you released prove Schiff & Swalley lies every single day after knowing it was a lie? So that makes the two of them criminals in my eyes.

They have come out of the woodwork to attack Rick today. They are so predictable.

Richard, I give you credit for replying to this liar. All the documents you released prove Schiff & Swalwell lies every single day after knowing it was a lie? So that makes the two of them criminals in my eyes.

I suspect the question most Americans will be asking is how an underground organization bent on creating social and political chaos was allowed to grow to this size and influence. Nothing to do with the race protests. It really is about antifa

One has to wonder though if Der Spiegel's real problem is a lack of diversity. The names all the way down its masthead read more like the Berlin phonebook in 1945 than the modern, liberal publication it purports to be. Sad!

Wrong. I am temporarily living on the block in question. Where were you? Because property continues to be destroyed. Stop giving aid and comfort to rioters.

This was a peaceful protest. And they are using tear gas. In the United States. In front of the White House

You watched it on TV and think you saw everything? Dear God. Journalism is watching it on TV now? I'm here...and the property destruction was real - again.

Jackie Kucinich @JKucinich

No one was rioting when the police advanced. You should know that from where you were standing? Watching? It was pretty clear on TV. Be well, Ric.

I'm no fan of deBlasio, but where is the media uproar over the Governor of NY threatening to remove the legally elected Mayor of NYC? Where are the charges of authoritarianism? Or how this would be anti-democratic? But I guess it's ok to the passive press because Cuomo said it.

At what point are media going to be held responsible for inciting a riot? First they affiliate "thug" with black people, now they're affiliating peaceful protesters with rioters who are going around bringing Terror to the community and assaulting people. Enough is Enough!

3 5 36

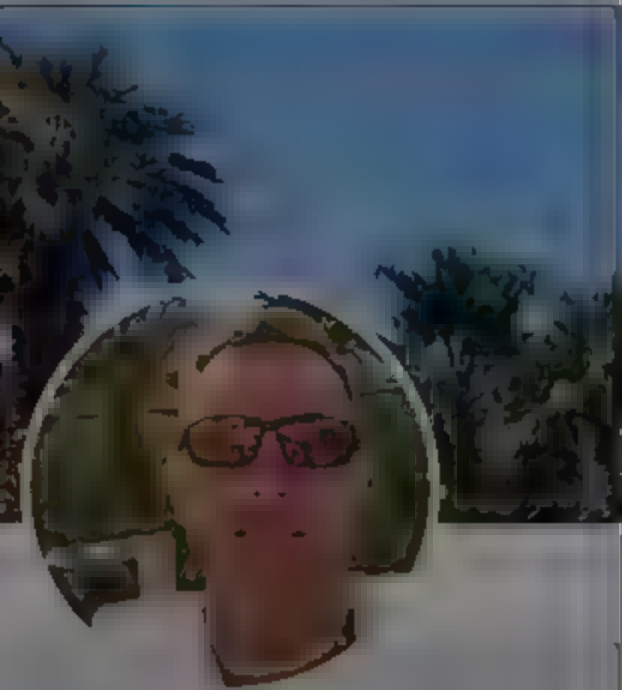

Nikki @Tiffie · 10h

Some media outlets are being very responsible to not lump protestors and rioters together. This is when you find out which ones you can trust. Ones justifying riots or lumping the two together are spinning agendas. Ones pointing out the differences are doing their jobs.

RJC Calls On Swalwell To Apologize For Disgusting Comment

Washington, DC (June 3, 2020) — Late last night Democrat Congressman Eric Swalwell (CA-15) disgustingly compared longtime friend of the Jewish community and the first openly gay member of a Presidential cabinet, Richard Grenell, to the infamous Nazi Joseph Goebbels. RJC National Chairman Sen. Norm Coleman released the following statement:

Ric has been one of the most strident and effective defenders of the Jewish people and the State of Israel. While political rhetoric can get heated, there is no excuse for ugly comparisons to one of the worst monsters in human history. It demeans the important work that Ric has done — getting Germany to designate Hezbollah as a terrorist organization, starving the terrorist regime in Iran of funds that would be used to finance terror against Israel and the Jewish people, and speaking out in defense of German Jews who were targets of antisemitic attacks.

Swalwell owes a genuine apology to Mr. Grenell, to his constituents whom he has embarrassed, and to the victims of Goebbels whose suffering he minimized by this comparison.

NYT's @jmartNYT interviews @KingJames & fails to ask why he chose the Chinese Communist Party & his bank account - over the protesters seeking Democracy in Hong Kong. Who was his editor? This is a serious error.

Defending democracy is vital, but @KingJames only talks loud in the US. On China, not only is he silent, he actively shuts others up. He called @dmorey "misinformed" and "not really educated" for supporting #HongKong. All he cares about is money, not human rights. Grenell was a master stroke. When you're trying to get John freakin' Ratcliffe confirmed to get the guy currently in place out ... you know you're in trouble.

Do we know if Kash Patel will also be moving into a new role or staying at ODN? New FBI Director?

I was hoping to brief Senator [@MarkWarner](#) on the reforms I am implementing but he cancelled our scheduled phone call and hasn't been willing to reschedule the call in months. We've never spoken.

I see Democrat Senator Warner is already attacking Ambassador [@RichardGrenell](#) at Congressman Ratcliffe's DNI confirmation hearing. Again Grenell is doing a good job.

Grenell was a master stroke. When you're trying to get John freakin' Ratcliffe confirmed to get the guy currently in place out, you know you're in trouble.

Do we know if Kash Patel will also be moving into a new role or staying at

You work overtime to make equality a partisan issue. Stop. You aren't helping. Gays and lesbians know President Trump is for equality. Your list is ridiculous spin and all about your own survival.

Sarah Kate Ellis @sarahkatee15

This is gaslighting. Trump and his Administration have attacked the LGBTQ community in policy and rhetoric more than 110 times. We will be holding the media accountable to ensure that they're telling the truth about his anti-LGBTQ record. twitter.com/realDonaldTrump
